Other Items

- The committee strongly suggested monthly handout with a 90 day look ahead calendar, Troop news, upcoming deadlines, and other items as they come up. The communication seems to have been limited and confusing lately especially to the homes. The web page has not had all of the info or has not been updated. Information needs to get to the webmaster in a timely manner so that it can be posted. Ron Rybar volunteered that his secretary can put a newsletter type handout together and make copies – Dennis will put together the first one and work with Stacy to get it out.
- It was asked if the scouts are using the troop e mail accounts.
- New Klondike derby sleds are needed for each patrol. Each patrol should plan, design and build the sleds for next year.
- Troop t shirts with patrol colors were discussed. To be ready for summer camp the design and colors must be selected. They must be ordered about a month before they are needed.
- Merit badge book library needs to be reviewed so that new books can be purchased to replace outdated or missing books.
- **Next meeting will be March 10.**
