Program

- The Troop calendar is drafted and Matt Rybar has the original.
- Skill-O-Rama – Best weather ever! Attendance likely impacted by the Michigan State/ Michigan football game.
 - There were 54 cubs including 16 Webelos who spent the night with 16 parents.
 - Troop 219 had 24 scouts for the day activities and 18 who camped. There were four troop 219 adults for the day and 3 who camped.
 - Troop 212 had 17 scouts who participated in day activities and camped. There were 8 troop 212 adults for the day and camping.

It was noted that the catapult from Troop 212 was larger and more powerful than before and a bowling ball and pumpkin were launched and landed out of the target zone. This could have created a safety or property damage (parked cars) situation.

The food was good. Next year the Skill-O-Rama will be September 29 since Cub Fun day at Holaka will be the first Saturday in October.

- There will be a party after the Court of Honor. Amy will help.
- The orienteering campout will be at Waters property. Details in a handout to go out this month.
- Activities need to be better covered with more information on the web. Larry needs to get the information to post it.
- Webelos from Pack 212 would like to camp with a Troop and are wondering if we have any upcoming campouts that they could attend.
- Mike Hussar mentioned that he would like to do a fall first year campout.
- Klondike sled building has been discussed but there has not been any construction activity.
